## **We are open and taking new referrals.**

Currently, we are doing only tele-service sessions.

We know this time is stressful and it may be having an effect on your mental health and relationships. We have therapists who are available and willing to see clients via video and telephone sessions to help you get through whatever you may be facing. Whether you are a new client or perhaps a returning one, we are here to help you.

### **Professional Counseling Center provides private outpatient counseling services for:**

- Individual, couple, family, and group therapy
- Psychiatric and medication evaluations and treatment
- Psychological evaluations and testing
- Bariatric and lap band pre-surgical psychological evaluations
- Evaluations and treatment for Attention Deficit Disorders for children and adolescents
- Substance use counseling
- Driver's license restoration evaluation for substance abuse referrals
- Specialized play therapy for children
- Community Mental Health clients referred for outpatient counseling
- Department of Health and Human Services clients referred for outpatient counseling
- SUD Referred by Region 10 SUD
