Take Out Tuesdays

AT CHEF SHELL'S RESTAURANT

Support our local restaurants during the coronavirus crisis

Many restaurants across the state still offer delivery and takeout services under Michigan's stay-at-home order. A statewide effort, labeled "Takeout Tuesdays," encourages you, your friends, and neighbors to help the restaurant industry stay afloat during this tough time by ordering carry-out, curbside service, or delivery.

During the month of May, your "Takeout Tuesday" order from Chef Shell's restaurant in downtown Port Huron will also help St. Clair County's youngest children learn to read.

Chef Shell's will donate 10% of its sales on Tuesdays throughout the month of May to the Imagination Library. The Imagination Library mails one free book a month to children ages 0-5 who are enrolled in the program. The program is sponsored by St. Clair County RESA, the United Way of St. Clair County, and local donors.
