# Adolescent Services

The Adolescent Services Workgroup of the St. Clair County Community Services Coordinating Body (CSCB) created a Resource Directory of Adolescent Services in St. Clair County. The purpose of this directory is to be a virtual link to many of the supports and programs available to adolescents and their parents. It is a living document, which means it will be updated periodically with new programs and information, while things that are no longer offered will be deleted. This directory is only as complete as the information that is shared and updated by agencies, organizations, clubs, schools, businesses, etc. To access the information you are reviewing, simply click on the link. If you have any feedback you would like to share, questions or concerns, please feel free to email the CSCB Community Planning Officer at [asmith@scccmh.org](mailto:asmith@scccmh.org)

To access this Resource Directory On-Line go to: <https://cscbinfo.org/adolescent-services-directory/> or use the QR Code above.
